ADVENT ANNOUNCES THE APPOINTMENT OF SYMON VEGTER AS INVESTMENT MANAGER

Advent Private Capital Pty Ltd (Advent) is pleased to announce that Symon Vegter has been appointed as Investment Manager.

Symon comes to Advent after a significant and varied career with KPMG, most lately in Mergers and Acquisitions (Private Equity) where he gained considerable exposure and experience advising private equity firms on a range of buy-side and sell-side transactions.

Advent Managing Director, Rupert Harrington, said that “Symon’s appointment is another step in the continued development of Advent, especially following the final close of its fifth generation fund, Advent V, late last year. Symon’s diverse experience, advising various companies on transactions, strategic and operational reviews and restructurings, enhances the strengths of Advent and provides new and additional resources as the Funds managed by Advent progress.”
